Profile Summary

Aspiring Frontend Developer with hands-on experience in HTML, CSS, JavaScript, and Bootstrap, and currently learning React, Node.js, and Express.js. Skilled in developing responsive websites and web applications, with academic and project-based exposure to both frontend and backend technologies. Enthusiastic about building user-friendly, scalable web solutions and eager to contribute to a dynamic software development team.

Projects

- **Job Finding Website for Undergraduates (University Group Project, 2024)**
  - Built responsive front-end interfaces using **HTML5, CSS3, Bootstrap**, and **JavaScript** for an intuitive user experience
  - Implemented **PHP** for backend logic and **MySQL** for secure data storage and retrieval
  - Designed and optimized database schemas to efficiently handle job listings, applications, and user profiles

- **Photography Studio Website (Randeepa Studio – Ongoing)**
  - Designed and developed a responsive website for a local photo studio.
  - Tech stack: React + Tailwind CSS, Node.js, Express.js, MongoDB.
  - Enhanced user experience with a **modern UI** built using **Tailwind CSS** and React Hooks for efficient state management

- **Facebook Login Page Clone (Practice Project, 2024)**
  - Created a UI clone of the Facebook login page.
  - Implemented a **modern, responsive layout** with **Tailwind CSS** for sleek and adaptive styling across devices
  - Practiced **version control** and project collaboration using **Git and GitHub**
  - Gained hands-on experience in **frontend architecture**, reusable components, and responsive web design principles

Education

Bachelor of Information Technology (Hons.) – ESOFT Metro   **Sep 2022 - Mar 2025**

ESOFT Metro Campus

Major: Software Engineering | Minor: Machine Learning

Advanced Level (A/L) & Ordinary Level (O/L)

Kirindiwela Central College

Sep 2020 - Mar 2025

Strengths

- Strong foundation in frontend development.
- Quick learner with passion for continuous improvement.
- Team player with good problem-solving skills.
- Ability to adapt to new tools and technologies quickly.

Core Competencies

- JavaScript, React
- HTML5, CSS3, Tailwind CSS
- PHP, Node.js, Express.js
- Bootstrap 5, Responsive design
- MySQL, MongoDB
- Basic 3D modeling (Blender)
- Git, Github
